SUMMARY OF RELEVANT QUALIFICATIONS

Monitoring, Evaluation, Accountability, and Learning (MEAL) professional with over 7 years of experience directing data systems for complex humanitarian emergencies and development programs. Expert in **data analysis, statistical programming, and data visualization**, utilizing **R (tidyverse, ggplot2)** and **literate programming (RMarkdown, Quarto)** to drive evidence-based decision-making. Proven leader in designing multi-sector program evaluations, coordinating with UN agencies and international donors, and managing multimillion-dollar portfolios reaching over 100,000 beneficiaries.

CORE COMPETENCIES

- **Data Science & Analytics:** R Programming, Data Wrangling (dplyr, tidyr), Data Visualization (ggplot2, Tableau, PowerBI), Relational Databases, Web Scraping (rvest)
- **MEAL & Program Management:** Quantitative & Qualitative Research, RCTs & Impact Evaluations, Logframe Design, Donor Reporting (USAID/OFDA, UNHCR, ECHO), Capacity Building
- **Reproducible Research:** Literate Programming (RMarkdown, Quarto), Version Control (Git/GitHub)
- **Survey Design & Geographic Information:** KoboCollect, ODK, CommCare, SurveyCTO, QGIS

PROFESSIONAL EXPERIENCE

American University – School of International Service (SIS)	Washington, DC, United States
<i>SIS Program Assistant (Part-time)</i>	<i>Sep 2025 – Present</i>

- Track program outcomes and compile structured reports for evaluation, utilizing reproducible data pipelines to streamline administrative tracking.
- Coordinate logistical aspects of SIS programs, workshops, and seminars, actively supporting faculty and student engagement initiatives.

American University – School of International Service (SIS)	Washington, DC, United States
<i>Graduate Research Assistant (Part-time)</i>	<i>Mar 2025 – Present</i>

- Support faculty research on humanitarian aid and conflict dynamics, conducting data wrangling and analysis in R; produce Quarto reports for policy stakeholders and research projects.
- Write reproducible research briefs and dynamic reports using Quarto and RMarkdown, ensuring transparent, high-quality data outputs for policy stakeholders.

Alliance for Peace (via American University)	Washington, DC, United States
<i>Practicum Consultant</i>	<i>Sep 2025 – Dec 2025</i>

- Analyzed complex conflict datasets and developed comprehensive project deliverables, including assessments and evidence-based policy recommendations for client stakeholders.
- Designed monitoring and evaluation frameworks for conflict mitigation implementation, applying MEAL principles to translate raw data into actionable peacebuilding strategies.
- Presented data-driven insights during client presentations, leveraging strong communication and data visualization skills to guide executive decision-making.

Malteser International	Yangon, Myanmar
<i>Country Monitoring, Evaluation, Accountability & Learning (MEAL) Coordinator</i>	<i>Sep 2022 – May 2024</i>

- Directed the national MEAL unit across 3 field offices, supervising 10 MEAL staff and providing technical data support to over 100 program staff managing a \$37M+ multi-sector portfolio.

- Managed end-to-end data lifecycles for baseline/endline surveys and operational research, utilizing KoboCollect for mobile data gathering and establishing automated analysis workflows.
- Led capacity-building workshops on results-oriented programming, data visualization, and data quality assurance, elevating the analytical competencies of internal teams and NGO partners.
- Integrated gender, age, and disability inclusion (GADI) metrics into all program proposals, ensuring rigorous adherence to international humanitarian standards.

Danish Refugee Council

Sittwe, Myanmar

Area Monitoring, Evaluation, Accountability & Learning (MEAL) Manager

Feb 2021 – Jun 2022

- Managed MEAL operations for a \$52M+ humanitarian portfolio (funded by DANIDA, OFDA, ECHO, UNHCR) spanning 5 townships, managing a dedicated team of 14 MEAL professionals.
- Built a centralized SMS-to-web database that reduced data latency and improved beneficiary tracking accuracy.
- Designed rigorous logframes and custom indicators for complex emergency response programs (WASH, Protection, CCCM, FSL), actively ensuring data-driven compliance for donor reports.
- Facilitated data review and learning workshops, translating complex datasets into accessible visualizations for program managers to refine strategic interventions.

Danish Refugee Council

Sittwe, Myanmar

Monitoring, Evaluation, Accountability & Learning (MEAL) Team Leader

Dec 2019 – Jan 2021

- Supervised and mentored 11 MEAL staff across 3 field sites, conducting regular field visits to audit data quality and enforce rigorous data collection standards.
- Designed and led post-distribution monitoring surveys and satisfaction surveys from design through final reporting, establishing standardized feedback mechanisms across all program sites.
- Served as the primary technical liaison for partner NGOs, providing critical support in survey planning, data processing, and establishing functional accountability systems.

Norwegian Refugee Council

Sittwe, Myanmar

Monitoring, Evaluation, Accountability, and Learning Officer

Oct 2018 – Nov 2019

- Developed and maintained comprehensive databases for tracking project lifecycle indicators, ensuring raw data was systematically cleaned, coded, and analyzed.
- Designed sampling methodologies and tools for Knowledge, Attitudes, and Practices (KAP) surveys, focus group discussions, and baseline assessments.
- Trained 30+ program staff on M&E SOPs and reporting tools, embedding a culture of data quality and continuous learning within the area office.

International Rescue Committee

Myebon, Myanmar

Monitoring and Evaluation Assistant

Nov 2016 – May 2018

- Streamlined information management systems to track performance metrics and disseminate findings to 7 managers and 30+ field staff.
- Conducted routine data verification audits and drug management monitoring, delivering actionable recommendations that directly improved program implementation quality.

CARE Myanmar

Myebon, Myanmar

Research Assistant

Aug 2016

- Supervised a field survey team of 4, overseeing data collection, testing survey questionnaires, and assisting the M&E officer in drafting robust analytical reports.

EDUCATION

American University, School of International Service (SIS)

Master of Arts in International Development

Washington, DC

May 2026

Sittwe University of Distance Education

Bachelor of Arts in English Literature

Sittwe, Myanmar

Dec 2017

De La Salle College of Saint Benilde

Diploma in Business Management

Yangon, Myanmar

Aug 2016

TECHNICAL SKILLS

- **Programming & Analysis:** R (tidyverse, dplyr, ggplot2, tidyr, stringr, lubridate, forcats), Data Wrangling, Statistical Analysis
- **Literate Programming & Reproducibility:** RMarkdown, Quarto (PDF, HTML, Dashboards), Git/GitHub Version Control
- **Data Visualization & BI:** ggplot2, PowerBI (Advanced), Tableau (Intermediate)
- **Data Collection & GIS:** KoboCollect (Advanced), CommCare, SurveyCTO, ODK, QGIS, DHIS2

CERTIFICATIONS & PROFESSIONAL TRAINING

- **Graduate Certificate in Humanitarian Policy & Practice** – American University, Washington, DC (2026)
- **Project Cycle Management & Proposal Writing** course – Myanmar Development Professionals (2023)
- **Middle Managers Leadership & People Management Training** – MDF Training & Consultancy (2022)
- **Rapid Gender Analysis Training** – The Geneva Learning Foundation (2020)
- **Project Cycle Management Course** – Strategy First University, Myanmar (2018)

LANGUAGES

- **English:** Fluent
- **Burmese:** Proficient
- **Rakhine:** Proficient
- **Chin:** Native
